

## Welcome to Lake Lemon

Lake Lemon is one of Southern Indiana's hidden treasures. The state's 11<sup>th</sup> largest lake provides numerous individuals the opportunity to boat, fish, row, ski, swim, and observe wildlife. People enjoy the lake in many different ways.

The Lake Lemon Conservancy District (LLCD) was formed in 1995 and took management of the 1650-acre lake from the City of Bloomington Utilities. The LLCD is committed to managing Lake Lemon as a natural and recreational resource.

We encourage tournaments to complete a creel census card that includes total fish caught; weight; and largest fish caught. This survey will help LLCD keep track of angler satisfaction and improve future fishing opportunities at Lake Lemon.
