The September 1, 2022 Board of Directors Meeting of the Lake Lemon Conservancy District was called to order by Chairman Mary Jane Brown at 6:00 p.m.

**BOARD MEMBERS PRESENT:** Chairman-Mary Jane Brown, Vice-Chairman Les Wadzinski, Treasurer-Debra Ladyman, Michael Klitzing (Zoom), Steve Priddy, Mike Blackwell, and Malcolm McClure. **ALSO PRESENT:** Adam Casey, District Manager; Ross Carlson, Operations Supervisor; Jessica Healey, Administrative Assistant.

I. Call Meeting to Order / Chairman's Remarks

(MJB)

- a. Welcome to the meeting. Start with public comment. Please come to the podium with name and district.
- II. Public Comment (MJB)
  - a. Gail Tala, District 5- In January I turned 70, and the lake did, too. Riddle Point Park used to be hopping. The new playground is nice, but the Park should be a destination. Perhaps we should rent kayaks and canoes. We could make more income. Perhaps we should have outdoor concerts at shelter house. Let's invite food trucks and have more events, like craft fairs. BROWN- We are planning much of this and there is more to come.
  - b. BROWN- CASEY made a dredging update YouTube video and it has been incredibly well-received. If you haven't watched it, please do. You can watch the video <u>HERE</u>.
- III. Approval of July 28, 2022 Board Meeting Minutes

(MJB)

a. LADYMAN- There is a typo on the second page c3 (dredging analysis). Second sentence...since. #6 pdf third sentence...mother nature

BLACKWELL MOTIONED TO APPROVE THE JULY 28<sup>th</sup>, 2022 BOARD MEETING MINUTES WITH CORRECTIONS. PRIDDY SECONDED THE MOTION. ALL OTHER MEMBERS "AYES".

IV. Treasurer's Report

(DL)

a. July Budget Highlights-Income: \$ 133,183.25 Expense: \$ 97,023.08

Total Checking & Savings: \$1,370,862.87

Fixed Assets Total: \$ 1,080,594.15

Total Assets: \$ 2,451,457.02

Total Liabilities: \$ 1,115,213.57

Total Liabilities and Equity: \$ 2,451,457.02

Quick discussion regarding the barge lease money from Heartland. BLACKWELL-Heartland pays \$30,000 in the lease. What category does that fit into? CASEY-Miscellaneous since it wasn't in the budget. BLACKWELL- Suggests using line item for dredging rip rap income. LADYMAN, CASEY, & BROWN- Agree.

LADYMAN (LLCD treasurer) highlighted the 2022 budget income line item of \$40,000 from the Monroe County Lake Lemon Enhancement Fund. She stated that we will apply for and receive these funds prior to the end of the year.

b. July Report of Claims: Approval of Vouchers

BLACKWELL MOTIONED TO APPROVE ALLOWANCE OF VOUCHERS AND LADYMANS

BUDGET RECOMMENDATIONS. PRIDDY SECONDED THE MOTION. ALL OTHER

MEMBERS "AYES". THE MOTION CARRIED.

V. Final Discussion: 2023 Proposed LLCD Budget

(DL)

- a. 2023 Proposed Budget: Second public discussion- This is the last time that the 2023 budget can be altered. The proposed budget can be seen <a href="HERE">HERE</a>. Please see PowerPoint presentation <a href="HERE">HERE</a> for details discussed during board meeting.
- b. Substantial time was spent discussing use of the overflow pond in the dredging project. The overflow pond will not be permitted after the current contract expires. It is a "use it or lose it" option.
- c. Substantial time was also spent discussing the lease &/or sell options of assets.

  BROWN MOTIONED TO APPROVE A CHANGE ORDER TO INCREASE CURRENT
  HEARTLAND DREDGING CONTRACT BY 20%; UTILIZE LONG CAUSEWAY POND FOR
  DISPOSAL BEGINNING IN 2023 FOR REMAINDER OF CURRENT CONTRACT;
  APPROXIMATLY 50% OF POND STORAGE CAPACITY. BLACKWELL SECONDED THE
  MOTION. ALL OTHER MEMBERS "AYES". THE MOTION CARRIED.
- d. LADYMAN- I love that this vote was unanimous.

#### VI. Manager's Report

(AC)

- a. General Update CASEY passed the update over to CARLSON.
  - i. CARLSON- This weekend is our final weekend open. He has been at the Park every weekend since Memorial Day and has enjoyed his time at the Park. LADYMAN- If we have nice weather, can we stay open longer. CASEY- Yes, it is possible. If we can find staff, we can open. WADZINSKI- Doesn't like terminology that the Park is "closed" since people can still use the boat ramp and walk the Park. BROWN- Agrees. CARLSON- Perhaps we rephrase and let the public know that the beach and public restrooms will closed, but the park is open.

- ii. This year we added grills, made shelter house updates, the number of shelter house rentals increased, and we added 10 new picnic tables.
- iii. BLACKWELL- Has staff &/or the Board addressed what was brought up at the last meeting regarding Freeholders coming into the Park through the gate that have to pay? LADYMAN- It takes staff to run the gatehouse and we must pay them. The Board can look at this.
- iv. BLACKWELL- Has there been a beach dock discussion? CARLSON- Yes, we have started that. There are no hard quotes yet, but this fall we will dig in. CASEY- We are looking at dock capacity for six boats.
- v. CASEY- HEALEY is getting our Conservancy database very up to date. This Fall/winter we will finalize mapping. Great progress has been made there.

#### b. Vegetation Control: Update

i. CASEY- Second and final lotus treatment took place last week. If anyone sees small spots, let me know.

#### c. Sediment Management Project: Update

- i. At the end of July approximately 25,000 yards had been moved to date. This is great progress, though we had hoped for more. Because of this, Heartland will be using a crane to add a large booster pump which will help move material up the elevation raise. This is included in the contract and no cost to us. Heartland hopes this can increase production up to 50%
- ii. BLACKWELL- Regarding assets not currently being used on the lake, two companies are interested in renting equipment from LLCD to keep on the lake (small barge and excavator). Is the Board open to meeting with the Marina and Roth Contracting? CASEY- Yes, and it will be good to have Board members at the meetings. BROWN- Volunteers. CASEY- We can hold meetings this fall or winter. BROWN- LADYMAN should also attend these meetings. CASEY-Likes the idea of keeping equipment on the lake.
- iii. LADYMAN- Do we plan to lower the lake level this year? CASEY- No. Since we are dredging and mapping it isn't a great idea to do that this year. We don't want to expose sediment where water could slough it back in. As we go, debris is being removed.
- iv. BLACKWELL- Enjoyed CASEY's dredging video update, but would like to hear specific plans for moving forward. CASEY- Next Video will focus on three-year plan.

#### VII. New Business/ Correspondence for Future Agenda

(MJB)

a. Thursday, September 22, 2022: Board Meeting and Public Hearing on 2023 Proposed Budget; 6:00 PM at the City of Bloomington Utilities Building

#### LAKE LEMON CONSERVANCY DISTRICT

City of Bloomington Utilities Building 600 E. Miller Drive. Bloomington, Indiana July 28, 2022 6:00 pm

The July 2022 Board of Directors Meeting of the Lake Lemon Conservancy District was called to order by Chairman Mary Jane Brown at 6:00 p.m.

**BOARD MEMBERS PRESENT:** Chairman-Mary Jane Brown, Vice-Chairman Les Wadzinski, Treasurer-Debra Ladyman, Michael Klitzing, Steve Priddy, Mike Blackwell, and Malcolm McClure.

**ALSO PRESENT:** Adam Casey, District Manager; Ross Carlson, Operations Supervisor; Jessica Healey, Administrative Assistant.

- I. Call Meeting to Order / Chairman's Remarks
  Welcome to the July board of directors meeting. (MJB)
- II. Recognition of Service: Pam DuganPam is not feeling well so we will postpone this again.

#### III. Public Comment

Steve Langbeen District 6 - Went to Riddle Point Park and discovered there is a \$10 entry fee, but if I enter by boat, it is free. Can we do something about this so Freeholders can enter for free? He already pays taxes to the LLCD. BROWN: The board can discuss. This is the first time it's been brought up.

Rebecca District 7 – In this evening's PowerPoint looking at the percentage of yards removed she'd like to know how many Freeholders are in each district. CASEY: Yes, we can get that information. BROWN: We don't have it right now, but we will get it. There are about 525 total Freeholders. LADYMAN: What is the relevance?

Rebecca: It's relevant to information in pie charts. She's very frustrated about resolution. She asked if she can withdraw as a Freeholder? CASEY & BROWN: It would have to be done through the court.

Gail Tala District 5 – She's been on the lake for 38 yrs. Where dredging is happening is a perfect spot for a parking area when fishing on the long causeway. The lake could then offer more docks. She grew up on small lake with 1,000 houses. We should be adding people onto the lake. She'd like us to be more open minded. Also, where there used to be camping spots on the west side of the point, there could be docks there. This would bring in more money.

Scott District 7 – Regarding selling big barge, it's been here at the lake for a long time and it's not a good idea. What's the future plan, he isn't hearing one? If he must pay to maintain the lake, what does he need the Conservancy for? He pays taxes and feels it doesn't make sense. BROWN: There are still ways to get dredging done. Scott: Feels like he is paying twice. BROWN: The board is working to maintain the whole lake for everyone. Scott: If I can't get to the lake, it does me no good. He said just take me out of the Conservancy.

Todd District 6 – How often is the Riddle Point bathhouse maintained and cleaned? CASEY: Daily. Todd: Might want to check more often during day. Not sure it's happening daily.

Selling large barge - Not against it, but against giving it away.

Resolution – This was discussed in May, and he hasn't heard a word about it since. The board reps aren't talking to people. He had been told by previous board members that Freeholders will always be dredged out. He owns lake property and feels he should be as entitled as everyone else to be dredged out. Encouraged the board to think about that before they vote.

### IV. Approval of June 18th, 2022 Board Meeting Minutes

(MJB)

BLACKWELL – Malcolm discussed the east end filter of the lake, and it wasn't mentioned in the meeting minutes. Jessica will amend that.

# PENDING THE AMENDED MINUTES, PRIDDY MOTIONED TO APPROVE THE JUNE 18th, 2022 BOARD MEETING MINUTES. KLITZING SECONDED THE MOTION. ALL OTHER MEMBERS "AYES".

### V. Treasurer's Report

(DL)

A. June Financial Highlights Income: \$ 259,956.66 Expense: \$ 118,332.91

Total Checking & Savings: \$ 1,332,173.52

Fixed Assets Total: \$ 1,080,594.15

Total Assets: \$ 2,412,767.67 Total Liabilities: \$ 1,149,993.77

Total Liabilities and Equity: \$ 2,412,767.67

- 1. Lake weed treatment and fireworks were biggest expenses.
- 2. Watercraft permits under budget, but really \$120,000 by end of July, we will be okay.
- 3. Park admissions are looking good.
- 4. We have saved money on dredging salaries, gas, and diesel.
- 5. We are saving money on people, fuel, etc. and that used to be put into budget. LADYMAN: Any savings we have will help buffer to help us pay for the current project. BLACKWELL: That money should still be floating around.
- B. Report of Claims Approval for June 2022

# KLITZING MOTIONED TO APPROVE ALLOWANCE OF VOUCHERS. BROWN SECONDED THE MOTION. ALL OTHER MEMBERS "AYES". THE MOTION CARRIED.

### VI. Manager's Report

(AC)

#### A. Fireworks Update

It was a great show. Charging per vehicle seems to be the proper way to go forward. Last year we had about \$8,300 total donations. This year we received about \$14,000 (\$8,350 day of). Next year we might have to reduce the number of cars in the park. We

did hire sheriffs and they had to start turning people away. Boy Scouts cleaned up the next day. We also had food trucks and they did well, too, with steady lines throughout. Jessica did a good job advertising. People knew in advance about food trucks and that we were charging, so that helped.

- B. Vegetation Control Update
  - Scheduled to have emergent lotus and spatterdock treatments next Tuesday. Staff will go around looking 7/30. Please don't irrigate gardens or grass from lake water.
- C. Dredging Analysis Presentation
  - 1. Casey Presented information on LLCD dredging efforts and cost, as well as a contractor comparison. You can view the presentation on YouTube at <a href="https://www.youtube.com/watch?v=Rye-6Fo9HYI">https://www.youtube.com/watch?v=Rye-6Fo9HYI</a>
  - 2. This information was first presented in March of 2022
  - 3. LLCD Historical Dredging Analysis In looking at total yards removed by both paid and private (all dredging activity) by district, can see that districts 6 & 7 have the most removed. This makes since because it is the delta where sediment falls, acting as a sediment capture basin. This naturally happens, under 30% falls there. As the delta gets shallower and smaller, there is still the same amount of sediment. Therefore, we must stay on top of it to keep the basin open and deeper.
  - 4. LLCD Expense by Zone Type (2006-2021) About \$1.7 million has been spent on access dredging to date (from 2006). This includes dock access and getting to the lake through channels. This has been covered by LLCD.
  - 5. Cost Comparison for Private (Freeholder Paid) Work
    - i. Casey Presented a cost comparison between LLCD private dredging and using a contractor.
    - ii. Rip-rap- Very similar costs to LLCD
    - iii. Large barge McCullough and Heartland would have increased per yard.
    - iv. Small barge- Big savings from McCullough and Heartland versus LLCD in-house private. Substantial savings. MCCLURE: This doesn't sound correct, as the small barge is an inefficient machine. CASEY: We can't get the large barge in many areas. BROWN: There are places the large barge cannot go as it will not fit. CASEY: It's actually a decent number of places: channels, docks, and piers. We need the small barge for many areas. WADZINSKI: We charge by the yard? Why do we charge different by the barge size? BLACKWELL: We had to raise fees. Is there a mobilization fee? CASEY: \$6,000-\$10,000 mobilization charge.
    - v. BLACKWELL: Could it be rented out? MCCLURE: Yes, Short term. CASEY: Yes, we could lease it out. BLACKWELL: We aren't ready to make decisions in future if we don't even know what we'd rent it for. These are skewed numbers. Bob Madden said it was \$9.78 yard and we all questioned it. The next meeting he backed out of it. Bob ran the lake, but that was the cost from 2006 to about 2012. These are skewed numbers. There is never an accurate amount of

material being brought in as there is some slurry, some solid. LADYMAN: These are old numbers and have no relevance.

- 6. Bathymetry (depth of water)- See images from 1974 to 2019. The deep channel (20+ feet depth) is almost gone. We now have no 15-20 feet depth in 2019. There is sediment in the entire lake. LADYMAN: 30% stays in basin? CASEY: Yes. The east bay is now almost all less than 5 ft. We've lost an entire foot of average depth. This is only surveying what we can get to in the water, as we can't do above water. BLACKWELL: WADZINSKI and PRIDDY, look at the 2019 map- Creating a resolution could cause problems in our districts. Both have channels and coves and people will want access dredging. Take a good look at that when we vote. LADYMAN: We can still get access dredging done, Freeholders will just have to pay for it. BLACKWELL: There are different sediments in different places and the east bay is where we capture most of it. CASEY: According to the sediment transport study less than 30% of the total sediment settles in the east bay/Delta. BROWN: The growing problem is in the entire lake, not just the east bay. LADYMAN: We have limited resources. WADZINSKI: We need to focus on common areas, not just certain spots. BLACKWELL: Hydraulic dredging does better, we know this. We should put money toward the entire lake by looking at enhanced hydraulic dredging, not just mechanical dredging CASEY: It's staggering to see these depths and how much we are losing across the entire lake. We must step up the game to remove large quantities of sediment. Our lake is disappearing.
- 7. CASEY: The resolution being presented is saying LLCD will not use its money (tax money) for 100 and 300 level access channels. The creek will always be there. Mother natures does this naturally. Chitwood and Idalawn access channels- Homeowners will have to pull money together to do it. Salmon Harbor did this a while ago; Steve's district did this, too. We must focus on the main lake, not small areas. We can raise the special benefits charge temporarily and then it will go back down. We cannot tax more than the benefits provided. We cannot artificially increase this tax, as it is for a specific project only. That's why government approves our budget every year. MCCLURE: Does that preclude us from creating a special benefits tax to simply hold on to? CASEY: We must show we are raising money for a special project. It's the same with bond, you must get a specific plan approved. BLACKWELL: There are 12 different specialty taxes you can apply for. When you meet with our representative, they will guide you through them. We have just never gone after a different tax, only cumulative. CASEY: The rate is set as max levy. From total assessed value, .033 come from tax. What we've used, the rate is set in arrears. Total assessed values are looked at and then the tax rate is backed out. They set the rate. Property values are going up, and rates going down. BLACKWELL: We don't think Chitwood will need dredged for 5 years. We know we will have to pay. We don't understand... if we need to dig out of Chitwood into Little Africa, who pays it? It's sublease. Who takes care of it? This needs to be in the details. Who pays? CASEY: Homeowners to Little Africa would pay. BLACKWELL: Doesn't like this. We must pay a sublease and now pay to

dredge out of the creek. The language in resolution is the issue. LADYMAN: How would you change it? BLACKWELL: I hope to pay LLCD to dredge out again, but I must contract it out. I can operate a barge and an excavator. I could make a company with Tim Roth and other residents, but how much would you charge me to rent the barge? CASEY: The resolution has nothing to do with this. BLACKWELL: We need more discussion. I want to keep the equipment. I feel like this resolution catapults us into selling the large barge. Butch Evans is not here tonight, but he did our analysis in 2012 and said the large barge is worth \$120,000. Butch said if the lake plans to sell for less than \$200,000 to call him. He's interested in it. Lots of Freeholders can maintain the equipment if we can lease it through Conservancy. LADYMAN: In this resolution we are trying to make it clear that we are moving to Freeholders paying for access dredging because LLCD cannot afford it and we need to focus on common areas. We won't be in the business of access dredging. BLACKWELL: Can you guarantee me you will not vote to sell large barge. LADYMAN: That is not the resolution on the agenda tonight. MCCLURE: First we get out of dredging and then get rid of the equipment. I don't like that second part. I think we'll need the large barge and equipment, as there is 100% mechanical dredging in our future. We will need this equipment. As a Conservancy we will need to use it, not just Freeholders. It's worth vastly more to us sitting in moth balls on our shore than to get \$30,000 piddly dollars from Heartland. CASEY: We have never discussed getting rid of the small barge. BROWN: In this resolution we are only talking about the Conservancy not doing access dredging. MCCLURE: Will selling the large barge show up on the next agenda? KLITZING: It can only be purchased if we authorize it. We will see how it goes. BROWN: You weren't at the meeting where this was discussed. We said we'd see how it goes with the lease and talk about it later. Didn't need to have it right now and wanted to capture some money.

#### D. Resolution:05-22-02: Dredging Priorities and Funding Resolution

- 1. BLACKWELL: We are bound by district plan, "health and safety of property owners." In wording, lake access is mentioned 21 times. Property values is mentioned 8 times. CASEY: No, that is incorrect, that is not in there. LADYMAN: Do not be rude to our lake manager. BLACKWELL: He's rude to me. BROWN: Calm down. BLACKWELL: We are bound by the district plan. BROWN: That is not correct, and I have reviewed it multiple times. CASEY: One possible benefit mentioned in the district plan, by having active management could be increased property values. This is simply an effect of management and not our responsibility. BROWN: There was discussion of dredging, but not that we would go into the dredging business. BLACKWELL: We should be bound by district plan, but it doesn't seem that way. We don't need this resolution to move forward. We need a plan on what to charge to rent equipment if someone wants to start a business. CASEY: We would need to send requests for proposal for bids. We can send a request for proposal every year. If we lease the equipment and it's someone other than LLCD, we must do a proposal and get bids. We must bid out to be fair and equitable.
- 2. CASEY: The LLCD will no longer dredge Dock Access Areas, defined as areas less than 60' away from shore, with water depth less than 4' at normal pool, nor Boating Channels, defined as Narrow channels which provide access to the main

body of the lake. The LLCD will issue permits for qualified private dredging companies to provide dredging for Dock Access Areas and Boat Channels as previously defined, costs to be incurred by the benefitting parties. BLACKWELL: Who approves qualifying dredging companies? BROWN & CASEY: Management will do that.

# KLITZING MOTIONED TO APPROVE RESOLUTION: 05-22-02: DREDGING PRIORITIES AND FUNDING RESOLUTION. WADZINSKI SECONDED THE MOTION.

- 3. LADYMAN: What changes do you want to make, Malcolm? MCCLURE: That LLCD will handle issues on a case-by-case basis. Can I give a hypothetic situation? Last meeting, I went through my talk about how we are in this together. Districts 6 and 7 are in an upstream trap. Because of that we are trapping it. LADYMAN: It's coming. MCCLURE: This isn't a district 6 and 7 problem, it's a whole lake problem. This is everyone's dirt, and this seems decisive to me. What if we woke up tomorrow and lake bottom rearranged itself? What if 60% of the lake population is cut off from the other 40%. BROWN: Please get to the end, Malcolm. MCCLURE: It's a 60/40 split. Will you cut a channel? 60% could say no, and sorry to the 40%. BROWN: I see your point but that would never happen. Since 2006 we have spent 1.8 mil on access dredging. BLACKWELL: Yes, for all over lake. BROWN: The biggest part has been in districts 6 and 7. We are starting to have issues all over the lake and need to concentrate on the lake as a whole. MCCLURE & BLACKWEL: We don't feel like we need this resolution. LADYMAN: It has already been moved and seconded. BROWN: We are trying to move money and resources to focus on big picture. BLACKWELL: What resources? BROWN: Unless we want to pay higher salaries, we cannot keep dredging. BLACKWELL: What's the plan for the equipment? BROWN: Why would we need ancient equipment? LADYMAN: This has nothing to do with the resolution.
- 4. PRIDDY: Moved to call question. BROWN restated the motion and called for a vote.

BOARD MEMBERS "AYES": MARY JANE BROWN, LES WADZINSKI, DEBRA LADYMAN, MICHAEL KLITZING, AND STEVE PRIDDY. BOARD MEMBERS "NAYS": MALCOLM MCCLURE AND MIKE BLACKWELL. THE MOTION CARRIED 5 TO 2.

VII. 2022 Proposed Budget: Discussion

(DL)

BROWN: Public please refrain from speaking while we discuss budget. LADYMAN: Most expense items went up 8%. Look critically at fuel costs, etc. Raised almost every admission fee, permits, etc. Cumulative improvement stayed relatively the same. Biggest two issues maybe three...

- A. Instituting on the revenue side wake board fees of \$200 or \$250 extra per year. They cause lake erosion, etc.
- B. New line item for winter boat storage on property. No winterizing, just storage.
- C. How can we increase earned revenues to that making most use of hydraulic dredging project, double the fee for a year. CASEY: Do we want to use overflow pond while we have permit? If we don't use it under this permit, it won't get permitted again. It was approved because most sediment is going upland. We asked them about expanding

causeway. That is not an option. If we do not use the permit now, DNR and IDEM, in future we wouldn't get a new permit to utilize the site. It's our only other site to use. Aquatic control is coming out to bathymetric survey the overflow pond tomorrow. If we move forward, we will have to bid again as winter project. We already have bid materials created, so it's simple to modify. \$450,000 to bid it out. We must vegetate within 12 months and have to do the whole thing at once. We either move forward with the current project and permit for overflow for additional dredging (60,000 more yards), or table until we have a new disposal site. WADZINSKI: Would it be one and done and then a wetland? CASEY: Yes. The other spot we can dig it up and reuse. No delta storage was ever approved. The cost alone for delta was a quarter million for mitigation per acre, which is not feasible. We also looked at Northshore Dr / Possum Trot. The City of Bloomington said we could use it, but Brown County wasn't sure because of water line. We'd have to locate the line. It could we worth having another upland side spot. It all comes back to money. KLITZING: How long after we fill the current pond can we get rid of it and reuse. CASEY: To pump what we have, probably within 1-2 years it'll be dry enough to move BROWN: We need money. LADYMAN: Board thoughts on special benefits tax for a year? MCCLURE: Good idea. PRIDDY: Yes, go for it. BLACKWELL: Does not want to fill overflow pond. He spoke with Adam recently and is happy he found the Northshore site and agrees with Adam that we should use it. He said he'll help find water line and he's all in on it. LADYMAN: To reuse the Northshore site again, would have to build a basin. BLACKWELL: We have time to build that up. Freeholder: How much east end would be done? What would we get to? CASEY: All of zone 1 and half to more of zone 2. North of that, it's shallow and really gets smaller. It's hard to give an exact number but we would get substantially more north in that bay. In zone 1 there is less than a foot. Moving north more in the 5 foot range and could get pretty far. WADZINSKI: Why by zones? BROWN: It's simply a way to talk about it. LADYMAN: How do we get more clarity around this? CASEY: I can try. LADYMAN: We'd have to say what Freeholders get out of it. LADYMAN: The budget is built around all of this. The additional \$400,000 special project assessment we'd like to move forward with. CASEY: Now we need to be more finetuned about the overflow pond and what the real costs are. CASEY: The bathymetric survey on Friday will help us. BROWN: What about the consulting fees line item? CASEY: We will have to use some consultants to verify dredging work and engineers, too. BROWN: Can we add a small addition to this as we will need help from a consultant for fundraising. Can we add \$10,000 more? CASEY: Will we wait until next year to hire this consultant? PRIDDY: No, this needs to happen ASAP. KLITZING: This seems appropriate to add into 2023 budget. BROWN: Let's add it for now. PRIDDY: Will speak with Meagan for guidance. BROWN: Please study the 2023 budget and come with questions and concerns for the August board meeting as that's the last time to make changes.
